Our 61<sup>st</sup> sale, which is an online auction only, comprises over 650 lots offering a wide range of material.

The Australian Colonies include some large accumulations of mostly later issues in large quantities, which should attract the interest of students in this area. There are also sizeable collections of barred numeral cancellations of New South Wales and Victoria, and a range of Tasmanian postal history. An interesting lot is an album containing the 1901 Federal Presentation Sets for each State. Victoria has a number of 'Rundell' first day covers of the 1901 No 'POSTAGE' and 'POSTAGE' issues.

Australian Commonwealth begins with what may be the finest offering of the 1d Kangaroo ever at auction. The imperforate plate proof on manilla card includes one of two possible monogram pieces, and is followed by positional pieces from every electro, including a complete set of all no monograms and monograms, and many of the scarcer plate varieties. There is a complete sheet of Plate G and another, split into four quarters, from Plate K. Amongst the other Kangaroo lots are a further offering of cancelled-to-order stamps, and an unused £2 Sperati forgery, believed to be one of two known. The King George V issues feature cancelled-to-order stamps.

For King George VI, two rarities are the £1 Robes unsurfaced paper used on a large parcel front (it is believed this stamp has not been recorded on cover previously), and the £1 Arms in a corner block of 4 overprinted SPECIMEN. Throughout the George VI and Elizabeth II issues there are a number of rare die proofs and plate numbers, as well as a selection of post office presentation cards. A fine selection of pre-decimal and decimal collectors' packs featuring different folders and make-ups are also offered, as well as other presentation booklets, the best of which is an example of the 1942 Telegraphic Conference booklet with a complete set of Australian current and obsolete issues up to the £2 Kangaroo. A 1913-21 1d Postage Due block with part Harrison single-line imprint is a new discovery.

From the Rest of the World a highlight is a further portion of the Richard Peck collection of Tristan da Cunha, this time featuring modern material with artwork, die proofs and a number of rare printing errors.

Central vertical fold, otherwise fine, and the earliest recorded example of a Tasmanian Frank, the system commencing just six weeks prior. Ex Karman, and an important item	\$250T
67	C	-: 1887 (13 Jul) and 1888 (7 Aug) matching pair of registered 'On Public Service only' envelopes ('COLONY OF TASMANIA' crest on back flap) with 'THE TREASURER' Frank Stamp in Black, used from Hobart to Launceston. 74	C	<b>1846 (3 Jul)</b> 'On Public Service only' printed entire from 'Medical Department' to Brown's River with Hobart 'Crowned FREE' ds in red - late state with crown missing found from 1846 only, and signed by J. Roberts, Principal Medical Officer of VDL. Some toning, mostly on reverse, otherwise fine	\$100T
75	C	<b>1850</b> entire to Launceston with postmaster's endorsement 'C Head 20 7 50' at left, endorsed at upper left ' <i>Money Letter</i> ', and rated '4' in red, Launceston backstamp. The text of the letter indicates that the enclosure was '... the sum of four pounds eighteen shillings' to purchase three casks of porter, and is signed ' <i>Charles O'Connor/Circular Head/Rose Bank Farm</i> '	\$200T
76	C	<b>1851 (1 Aug)</b> turned and re-used outer used within the Hobart Town Local Post, with boxed 'PAID/1 O.CLOCK' ds in red, and rated '2' in red. Filing creases and a few small tears, but the earliest recorded date of the Hobart Local Post Paid datestamp	\$150T
77	C	<b>1851 (17 Oct)</b> entire to Launceston with postmaster's endorsement ' <i>Longford 17 10 51</i> ' near bottom, and endorsed at left ' <i>Money Letter</i> ', rated '8' as a double-weight letter. Some internal damage to letter which indicates that the enclosure was 'Five Pounds Ten Shillings & 6d', presumably in cash and hence the double weight. A very early item of mail sent by the new registration system which came into effect on 1 September 1851; this required the endorsement 'Registered' to be used, but ' <i>Money Letter</i> ' continued in common usage for some time	\$250T
78	C	<b>1853 (4 Jan)</b> outer headed 'On Public Service Only' used locally at Brighton, with the signature of J.W. Forster, Brighton Police. Some light toning, but the only recorded example of official mail used as a drop letter in a country village	\$200T

82	C	<b>1857 (4 Sep)</b> entire to Launceston with 'Emu Bay 4 Sepr' manuscript postmaster's endorsement and ' <i>Registered 2/8</i> ' in red, and boxed 'PRE-PAID' arrival datestamp in red on reverse. The letter from one Richard Lennard orders supplies and notes ' <i>I enclose £28</i> '. From the issue of stamps in November 1853 postage and registration were required to be paid by adhesives, and this entire indicates that Emu Bay (Burnie from 1/1/1882) had run out of stamps; the 2/8d rate can be interpreted as 4d x 5 + 1/- registration for a 2-2½oz letter, but may also represent a double weight letter on which the postmaster has charged 2 x 4d and (erroneously) 2 x 1/- registration fee. Some minor soiling, but an interesting item	\$300T
83	C	<b>1857 (22 Oct)</b> outer with mss 'On public service only' from Launceston to Hobart, with Launceston diamond crowned 'FREE' and Hobart circular crowned 'FREE' datestamps in red. Very fine	\$100T

85	C	<b>'Votes and Proceedings of The Legislative Council' Nos 1-31 (7 Sep - 28 Oct 1858), the reverse of the final page being used as the outer wrapper for addressing from Hobart to Launceston. Franked with 1858 1/- pair (somewhat oxidised) tied by '61' Barred Numeral, with 'PRE-PAID/9OC29/1858' cds in red, and boxed 'PRE-PAID' arrival ds in red for the following day. The 2/- franking represents 4 x 6d per 4 oz. printed matter rate. The lot includes the whole of the 'Votes' as posted. A 1/- Imperf pair is a very scarce franking, let alone for a heavy printed matter rate – a remarkable survivor</b>	<b>\$1200T</b>
86	C	<b>1859 (8 Jan)</b> cover from Launceston to Carrick with 4d Blue (SG 37, cut into two sides) tied by indecipherable numeral, faint 'PRE-PAID' diamond ds and straight-line 'TOO-LATE' in black. Missing flap, otherwise good and the earliest recorded date for the diamond ds	\$100T

The salvaged mail eventually reached London on 16 January 1863 (datestamp on front). This cover bears three damaged 6d adhesives, a pair in Dull Slate-grey and a single in Grey, cancelled Oval of Bars, representing the 1/- half oz. rate plus 6d late fee. On the reverse are two strikes of the boxed 'Saved from the wreck of/the Colombo'. Four 'Colombo' wreck covers from Tasmania are recorded, this cover being a new discovery in 2011 and the only one still bearing adhesives. Cover with inevitable damage from immersion in water and reinforced with hinges in several places, but a spectacular 'Colombo' wreck cover	<b>\$1000T</b>
89	C	<b>1866 (18 Jul)</b> small cover (94 x 54mm) from Hobart to Richmond with 1864-71 4d Pale Blue Perf 10 (SG 62, fine) cancelled Oval of Bars, and with 'PRE-PAID' cds in red, back flap damaged, but very fine appearance	\$100T

In spite of a few small peripheral tears, an exceptional item	<b>\$1400T</b>
